*Wishing you and all your loved ones a blessed and happy Easter*  
**Fr. Paul & Deacon Joseph Sebastian**

We wish Pope Emeritus Benedict XVI's a very happy 90th birthday today Easter Sunday as we reflect at one of the defining theme of his life and ministry which was the importance of Christian unity, an implicit desire of Christ at the Last Supper (see Jn 17:21). His papacy demonstrated the conciliar shift in the Catholic Church's relations with other Christians. And so he aimed at stronger relations with Orthodox, Anglican and Protestant leaders.

**Pope Francis gave his homily** during the annual Holy Week Chrism Mass in St. Peter's Basilica, during which he blessed the oils that will be used for the sacraments of Baptism, Confirmation, Holy Orders and the Anointing of the Sick during the coming year. "Everything (Jesus) proclaims, and we priests too proclaim, is good news," the Pope said on April 13. "News full of the joy of the Gospel - the joy of those anointed in their sins with the oil of forgiveness and anointed in their charism with the oil of mission, in order to anoint others in turn." The phrase "good news" can at times appear as just another way of saying "the Gospel," he said, but in reality, the words "point to something essential: the joy of the Gospel." "The Gospel is good news because it is, in essence, a message of joy," he said, explaining that just as Jesus did, a priest makes the Gospel message joyful "with his entire person." When a priest preaches, "briefly, if possible," the Pope jested, "he does so with the joy that touches people's hearts with that same word with which the Lord has touched his own heart in prayer."
